Making Tax Digital and online accountant

Louise123, December 26, 2018

"Lorraine is lovely and thoroughly explains accounts and tax in an easy to understand nature. I have recently gone from self employed to a Ltd Company and she made sure everything was done correctly and what my legal responsibilities would be. She has also helped with making tax digital and putting my accounts online with Quickbooks, I can now check my current financial position on the train!. Would highly recommend!"
